

ENVIRONMENTAL AND SUSTAINABILITY SERVICES

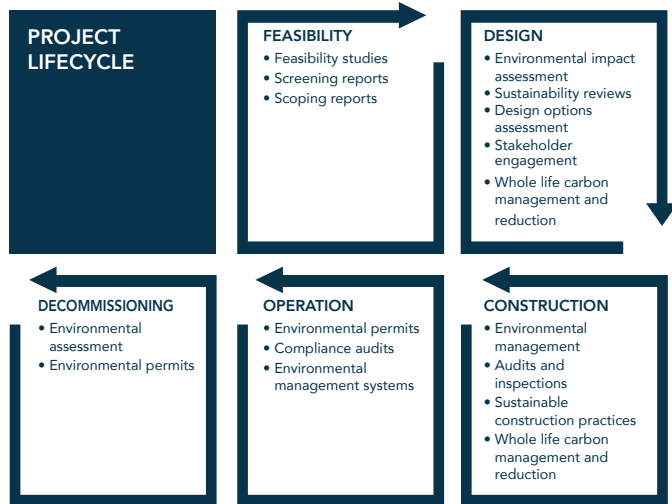

We ensure environmental impacts and risks are managed from project conception through to decommissioning.

ADVISORY AND CONCEPT DEVELOPMENT

We achieve outstanding results for our customers by providing specialist environmental and sustainability advice throughout the whole project lifecycle.

We ensure the relevant risks and opportunities are identified, assessed, mitigated or managed to meet both legislation and customer objectives. We've worked at every stage of the project lifecycle, so whether you need to focus on one element or the whole process, we can help.

stage of a 6km gas pipeline to be installed under an estuary in the UK.

PROTECTION OF CRITICAL ASSETS FOR ENERGY PROVISION, UK

Commissioned by a major UK energy provider to provide environmental services for the design and construction of solutions to protect critical assets.

UK GOVERNMENT CAPTURE AND STORAGE DEVELOPMENT PROJECT

Our team successfully managed the EIA process and produced the Environmental Statement for a viable Carbon Capture and Storage (CCS) solution on behalf of the UK Government.

NATIONAL GAS ASSET OPERATIONS AND MAINTENANCE PROJECT SUPPORT

Commissioned by a major UK energy provider to provide environmental and sustainability support throughout the project lifecycle.

OUR EXPERIENCE

HIGH VOLTAGE SUBSEA LINK

During the design and installation of a 1.8MW high voltage subsea link cable between Hunterston and Deeside, we was responsible for the stakeholder management of project sponsors, regulatory bodies, interest groups and the public, ensuring that the project adds those views into consideration.

MAJOR GAS PIPELINE TUNNELLING PROJECT

We provided environmental and sustainability advice to the project team during the Front End Engineering Design (FEED)

OUR SOLUTIONS

- Environmental impact assessment
- Environmental audits
- Sustainability appraisal
- Environmental management systems and plans
- Archaeological assessment
- Ecological assessments
- Specialist environmental surveys and studies
- CEEQUAL
- Stakeholder engagement

Cert No. 1217
ISO 9001
ISO 14001
OHSAS 18001
